PERFORMANCE DRIVEN

WHY CHOOSE MAXWELL FABRICS?

The guiding principle of our development process is that good design is not simply about visually-pleasing aesthetics; it must be accessible, functional & perform in real life. Performance means so much more than high double rubs. The Maxwell commitment to performance begins with service & extends to the technical & aesthetic elements of our products. Maxwell Fabrics works with innovative suppliers & technologies to ensure that our textiles & wallcoverings bring a residential hand and styling to the realm of performance-driven contract design.

SUMMER 2023 COLLECTION

Inspired by the coastal South, we conjure a preppy vibe for the Summer collection. Colorful performance patterns from fresh stripes and chair-scale designs are shown alongside sumptuous velvets, while a range of faux leathers continues the classic feel with hides and exotic skins. Natural-blend drapery constructions complete the breezy mood this season.

PERFORMANCE VELVETS VOL. IV

Our best-selling, high performance upholstery velvet series, Performance Velvets, continues with the addition of two new sumptuous constructions.

As always, the name FibreGuard means a stain-free cleanability story whereby spills & soiling are easily removed using a clean cloth, water & mild soap if needed.

FibreGuard focuses on an easy clean story rather than liquid repellency. Visit www.fibreguard.com for how-to videos & cleaning steps for different types of soiling.

- 2 exclusive patterns (Calabria – Volterra)
- 60 skus
- Both patterns stocked with FibreGuard
- Suitable for residential & contract upholstery
- Passes 100K double rubs Wyzenbeek
- Both patterns pass NFPA 260 CLASS I (UFAC) & CAL 117-2013

PERFORMANCE WOVENS VOL. VI PEACHTREE

Performance Wovens is the ultimate cleanability performance series for residential & crossover contract upholstery. Exclusive, fashion-forward feature designs coordinate & complement a range of small-scale patterns, textures & solids, all styled by color

Peachtree is a multicolor-story of blue, from fresh marine shades to grey-inflected heron; fruit hues like limoncello, guava, and jammy raspberry & gojiberry; and soft, approachable Himalayan salt pink.

Standout patterns include Colonnade, a soft, linen look stripe with a washed effect; Winding Road, a show-stopping construction with rich surface texture & a bold layout that can read contemporary or transitional; Nanette, Severn's serpentine design is softened with a chunky, dry weave that showcases the multi-colored construction. is a clean, classic stripe with a raised yarn accent.

All patterns are InsideOut all-in one performance fabric: inherently soil & stain resistant, fade resistant, quick dry & mildew resistant. While InsideOut fibers are suitable to be used both indoors & out, this Maxwell collection has been designed & developed with an indoor setting in mind, with the added benefit of fade resistance for high sun exposure settings
